CALMAC SUMMER 2027 TIMETABLE CONSULTATION

CalMac has sent suggestions for discussion regarding next Summer's timetable. Any changes to the Coll/Tiree timetable have to take Colonsay and Islay into consideration, as well as berthing times in Oban (dominated by the Mull service).

Past suggestions from Coll and Tiree (jointly), but which have been disallowed, are in **BLUE**. The rest have come from CalMac.

1. Friday

- move 6.10am departure to 7am

2. Tuesday / Thursday

- swap both days, i.e. early Tuesday departure / late Thursday departure for Coll / Tiree

3. Wednesday

- **CalMac continue to disallow returning the Barra link to Thursdays.**
- **We asked them to look at replacing the 1 x sailing to Barra on Wednesdays with 2 x sailings ex-Oban instead**

4. Sunday

- **2 x sailings per day ex-Oban over the peak season**

5. Monday

- sail to Colonsay in the morning and to Coll / Tiree in the afternoon

Additional item (held over from Winter TT consultation)

6. Winter TT

- **schedule an extra Tiree freight sailing during the week to ease pressure**

Coll Community Council's Transport Subcommittee will meet in public to discuss our response as follows :

Monday, 26th October @ 4pm at An Cridhe.

Please come along and give us your views.
